SUMMARY

Full Stack Developer with expertise in React, Node.js, and modern JavaScript frameworks, specializing in creating dynamic, scalable web applications. Experienced in designing and optimizing user-centric applications across the full stack, from interactive front-end components to efficient back-end services.

With a proven track record in enhancing application performance and streamlining development processes, I bring strong skills in React, Redux, and RESTful APIs to build impactful digital solutions. Known for my problem-solving approach and commitment to staying current with the latest web technologies, I'm dedicated to delivering high-quality, innovative results.

TECHNICAL SKILLS

Javascript | React | Redux | Zustand | NodeJS | Express | C# | VB | ASP.NET | PHP | Symfony | OOP | SQL | Merise

EXPERIENCE
